Annex II-Operational rules

1. Programme summary

This Annex sets out the operational rules for the programme. The programme agreement is based on the MoUs, the concept note, and comments made by the FMC. Commitments, statements and guarantees, explicit as well as implicit, made in the concept note, are binding for the National Focal Point and the Programme Operator unless otherwise explicitly stipulated in the annexes to this programme agreement.

The Programme Operator (PO) is the Technology Agency of the Czech Republic (TA CR). The Research Council of Norway (RCN) is the Donor Programme Partner (DPP).

The programme *objective*: “*Enhanced research-based knowledge development*” shall be attained through *one outcome* “*Enhanced performance of Czech research and development internationally*”, by way of one call for proposals.

The call for proposals shall be launched under the EEA and Norway Financial Mechanisms 2014-2021 for applied research projects. Applied research includes industrial research, experimental development, innovation or a combination thereof. The call shall include a CCS component, but otherwise be thematically open.

The programme shall support capacity building in applied research, including supporting the small and medium-sized enterprises (SME), social sciences, humanities and arts research, and careers of female researchers and early stage researchers.

In accordance with the Guideline for Research Programmes, the programme shall follow the principles and practice of European framework programmes (i.e. Horizon 2020 and to Horizon Europe) for research and innovation. The programme will pay particular attention to the implementation of principles and provisions on Open Science.

2. Eligibility

2.1 Eligible applicants:

The provisions of Chapter 8 of the Guideline for Research Programmes contain the rules on eligibility of applicants and project partners. The following limitations to these provisions shall be placed:

a) Eligible project promoter (applicant):

- Research organisations, as defined in the Article 2 paragraph 83 of the Commission Regulation (Commission Regulation (EU) No 651/2014 of 17 June 2014) and EU Framework for State aid for research and development and innovation (2014/C 198/01), established in the Czech Republic.
- SMEs and large enterprises in accordance with annex 1 article 1 of the Commission Regulation (Commission Regulation (EU) No 651/2014 of 17 June 2014) declaring certain categories of aid compatible with the internal market in application of Articles 107 and 108 of the Treaty established in the Czech Republic. In the case of enterprises founded less than 18 months prior to the submission deadline of the application a financial plan shall be submitted together with the application.

b) Eligible project partners:

- Research organizations and SMEs and large enterprises as described above under a) established in the Czech Republic, the Kingdom of Norway, Iceland, and the Principality of Liechtenstein (for projects financed by EEA FM).
- Research organizations and SMEs and large enterprises as described above under a) established in the Czech Republic, and the Kingdom of Norway (for projects financed by Norwegian FM).
- Research organisations from third countries¹. Provisions on allocation from the project budget shall be further specified in the call for proposals.

All projects shall include partnerships between Czech and Donor State entities.

Minimum condition for the composition of partnerships (type and number of participants) shall be specified in the call for proposals, following the advice of the Programme Committee. When the donor project partner is from Norway, the partner shall be approved by the RCN (DPP), in accordance with the provisions of the RCN guidelines for approval of research organisation; only one project partner from Norway needs to be approved by the RCN, per project.

2.2 *Special rules on eligibility of costs:*

Chapter 8 of the Regulation contains the rules on eligibility of costs. The following exceptions are made:

- The purchase of real estate and/or land shall not be eligible.
- Article 10.8 of the Guideline for Research Programmes concerning indirect costs shall apply. Alternatively, Norwegian entities classified as ‘Research Institutes’ may use standard scales of unit costs in accordance with Article 8.4.1 (b) of the Regulation: According to the Research Council of Norway's procedure for ‘Payroll and indirect costs’, the Norwegian entities classed as ‘Research Institutes’ calculate the payroll and indirect costs together, as hourly rates for the staff participating in a project. The RCN will ensure the verification of conformity of unit scales used by the project partners.

3. **Bilateral relations**

3.1 *Bilateral relations*

The Programme shall contribute to strengthening bilateral relations between the Czech Republic and the Donor States. The Programme shall as appropriate facilitate donor partnership projects by carrying out, inter alia, match-making events and activities in conjunction with launching the call for proposals, as well as by encouraging donor partnership projects in call texts. The further use of the funds for bilateral relations allocated to the programme shall be agreed with the Research Council of Norway.

4. **Selection of projects and financial parameters**

4.1 *Open calls and availability of funds (including number of calls, duration of calls, and estimated size):*

The Programme will be implemented through one main open call, with a CCS component, which will otherwise be without a thematic focus. The grant support for the CCS projects may include a dedicated budget for a feasibility study and/or pre-commercialisation phase, in order to assess the technical or commercial potential of the project.

An additional call(s) will be considered if there is not sufficient demand within the first call and there is enough funding left from the first call and the time scope is still sufficient. Such potential additional call(s) may be thematically restricted according to the advice of experts of the Programme Committee.

¹ Third country is any country except for the Czech Republic, Norway, Iceland and Liechtenstein.

Call	Outcome	Estimated timing of the call	Total available amount	Planned minimum grant applied for	Planned maximum grant applied for
Call 1	Outcome 1	Q4 2019	€ 32,523,529 (€ 5,203,764 for CCS)	€ 500,000	€ 1,500,000 (€ 2,500,000 for CCS projects)

4.2 Selection procedures:

The Programme Operator shall follow the selection procedure described in the Guideline for Research Programmes. The call documents shall be prepared in cooperation with the DPP and reviewed and approved by the Programme Committee (PC).

The selection procedure shall respect the following principles:

- The Norwegian Financial Mechanism shall finance projects with Norwegian partners;
- The EEA Financial Mechanical shall finance projects with partners from Norway, Iceland and Liechtenstein.

The Programme Operator shall be responsible for reviewing the applications for compliance with administrative and eligibility criteria in cooperation with the DPP. Applicants whose application is rejected at this stage shall be informed of the reasons of rejection in writing and given 10 working days to appeal that decision to the Programme Operator.

Following the eligibility check, the Programme Operator in consultation with PC and DPP shall decide whether it is appropriate to include a panel review within the selection procedure.
